## NEEDS STORAGE RESERVOIRS

**The Only Thing Lacking to Bring Lovelock to the Front.**

Over 500 carloads of stock that landed in Lovelock during the past six weeks gives an adequate idea of the importance of this point as a winter feeding point. Hay is bringing tip top prices and not an extra ton in the valley, depending largely, of course, upon the possible rain and snow fall of the winter ahead of us.

With an adequate water supply it would be easy to double the alfalfa acreage. One wetting insures one good crop and, the soil being sandy and porous, the roots meet little resistance in reaching water.

The water question presents many serious phases and if this valley is to maintain the supremacy as an agricultural section she will sooner or later have to solve the water question by a series of storage reservoirs.

As it is, the high price of cattle and the high price of hay are a great stimulus to energy and industry and every one, from the head of the Humboldt to the valley of Lovelock is putting in more land and using more water, so that in the course of time little or no water is going to reach the valley.

The wheat crop of the valley has been an average yield. The price has been an average one. The Lovelock Land and Development Company has produced a splendid crop on a 1100 acre ranch by a system of levees and drainage canals and the company intends next year to increase this acreage to about 4000 acres, making a model western wheat farm. The land owned by this company must be drained before it can be used.

The success of this venture means that 20,000 acres can be reclaimed this way. It is an experiment that has gone a long way to insure the agricultural permanency of this section. Mr. Prichard of Tennessee recently arrived with a trainload of Jerseys and had no trouble in disposing of them to the creamery patrons. There will be about 400 cows to start the creamery with and in a year or so there will be 1000 cows in the valley.

The Lovelock creamery is splendidly equipped with modern machinery and there is no reason why it should not be a success.

Lovelock has long been looked upon as an unhealthy section. This is a libel on a good climate and a healthy valley.

So far this year the health of the valley has been excellent and the rumors from time to time that it is a fever section are entirely wrong. So far this year but two cases of fever have been reported. There is no healthier spot on the coast than Lovelock.

Good water is obtainable by deep boring and again a supply is brought from Humboldt. On Col. Marzen's place is a well supplying ice cold water, pure and soft and equal to a mountain spring. On nearly all the ranches are wells supplying as good water as can be found in Nevada.

Lovelock, her health and water have been grossly libeled. There is no sickness in the valley.

Storage reservoirs and energy in industrial development will make this valley one of the richest valleys on the Pacific coast.

## Carson Indians Vs. Reno High School.

Unless it rains heavily this morning the game of football this afternoon on the University campus between the Carson Indians and the Reno High School will come off according to schedule.

The game promises to be a very interesting one and a close score is expected. Following are the local players and the positions they will occupy: Center, Laurence Frey; left guard, Richard Ryland; right guard, George Moffly; Carl Smith; left tackle, Roy Shink; right tackle, Cyril Knox; left end, Sutherland Hibbard; right end, Charles Scott; left half, Louis Kline; right half, Frank Leonard; Will Kornmeyer; quarter back, Earl Harrington; Alred McCarthy; full back, Arthur Kline; Melville Mehills.

## Of Interest to Travelers.

The railroad agent at Ogden has been instructed to furnish tickets for a side trip from that point to Salt Lake City and return for the use of persons holding tickets over the Southern Pacific and Union Pacific, provided the destination of the ticket is beyond Cheyenne.

## Acting as Critics.

The street work has developed the fact that there are several hundred men in Reno who mistook their calling. They should have been paving contractors. The crowd spends all day long on Commercial Row sidewalks and criticizes the work in progress there.

## A Tonopah Leaser.

E. A. Staunton of Tuscarora is in town today. Mr. Staunton is a leaser in the Tonopah camp and is doing nicely. He has specimens of ore showing considerable free gold. Mr. Staunton is on his way to the camp after spending a couple of weeks home.

## Activity in Mining.

B. J. Ghent was in from Steamboat yesterday. He says that the mining activity there has not been overestimated. The copper prospects east of the valley are showing up very encouragingly.

## Special Rates Given.

The Baptist General Conference of California will be held at Chico, Cal., November 5th to 10th, inclusive. The railroad has made a special rate for those who wish to attend.

## Introducing a New Strain.

Joseph Brooks arrived in Reno several days ago from Edmonton, Canada, with a carload of Lincoln bucks from J. H. Patrick's breeding farm. They were taken to Lakeview and sold. Mr. Brooks left for the east last night.

## TO PROSPECTORS AND MINERS.

A fine line of microscopes and compasses from 25 cents to \$2. at the Frank Golden Jewelry Store.

## TERSE AND TO THE POINT

**Little Bits of Items, but Still Worthy of Mention.**

Dr. Harcourt of Carson expects to locate in this city.

Dr. Pinniger will remove to Floriston about the 1st of November.

Twenty carloads of Tonopah ore went through Reno the past week.

Quite a delegation was down from Verdi yesterday on the damage suit.

Oscar Ambur of Virginia is now a messenger on the N-C-O out of Reno.

George Wright of Virginia expects to go into the saloon business in this city.

Thirty-six carloads of sheep and cattle were shipped from this point yesterday.

The funeral of William Falestone, who died in this city, took place yesterday in Carson.

Prof. Caffrey is in Olinghouse repairing a breakdown in some quartz milling machinery.

Choicest Olympia oyster cocktails by the glass or bottle at Thyes, 150ts. each or two for 25cts.

The usual Friday social was given last evening at the Nevada Club. Mrs. L. D. Folsom entertained.

Train No. 5 did not arrive in Reno until 2:30 yesterday afternoon. It was delayed by a poor connection at Ogden.

There will be a special train run on the 30th of this month for the benefit of those who wish to attend the Workmen reunion at Reno.

Rev. Father Reynolds, rector of the Catholic church, has neither authorized nor desires a "benefit entertainment" for the church at the present time.

## Homes to Be Had on Coming Nob Hill.

The double column display ad of Dr. St. George's addition appears elsewhere in this issue.

The Doctor has acquired a magnificent piece of real estate in a portion of the town where in a year or two there will be many handsome residences.

The lots are selling rapidly on account of the low price at which they are offered.

There are still a number of desirable locations left, but they won't last long.

## Less Taxes Will Be Raised This Year.

The total valuation on the Washoe County assessment roll for 1901 was \$5,525,980. In 1900 it was \$5,079,990; an increase of \$445,990. This is exclusive of personal property by the Assessor not yet fully collected.

In 1900 the State tax rate was \$1.00, and this year it is 80 cents, so that notwithstanding the increased valuation of nearly half a million dollars the State will receive less than the previous year.

Last year the county rate was 85 cents and this year it has been reduced to 60 cents. There will also be less money for the county fund.

## Inspecting Reno Mines.

S. H. Congdon and H. L. Cowles arrived from New York yesterday to inspect the Pyramid mines. They will drive out to the lake, accompanied by Superintendent Parry and Director Young.

## A HANDSOME PRESENT.

A beautiful line of elegant hand painted China at Golden's Jewelry Store. Call and examine our stock, the finest on the coast.

## COMMERCIAL ROW PAVING

**Contractors Preparing to Bitumenize This Street.**

Active work began yesterday on the reconstruction of the roadbed of Commercial Row. Thirty men were put to work and the force will be increased in a day or two. The improvements are under the supervision of George R. Wilton, general superintendent for Fairchild & Gilmore, the contracting firm.

The street is being plowed up preparatory to reducing it to the grade by the engineer. Horses are being used to propel the plow, the traction engine having failed on account of the slippery condition of the street due to the rain.

The curbing will be first placed in position and by Wednesday the laying of cement will begin. From all indications the contractors are following the specifications to the letter and the resultant street will be an ornament to the city. One thing that will look very bad will be the poles that were set without any special regard to curb lines.

## TELEGRAPHIC BREVITIES

**News of the Day Presented in Brief Form for Perusal by Busy Readers.**

The famine in China is assuming serious proportions. Several hundred thousand natives are said to be starving.

For many days no news has been received of Miss Stone, the captured missionary.

A number of men were seriously injured in Pittsburgh yesterday by a gas explosion.

Jos. Marzen's butcher shop was burglarized at Truckee night before last.

A terrible fire took place in Philadelphia yesterday. At least twenty-four people were burned to death.

A locomotive boiler on the Wabash road exploded yesterday and two trainmen were killed.

## Party Given by the Three Links.

The Three Links, a society in the Order of Rebekahs, entertained two hundred and fifty guests last evening in Investment Hall.

Attorney Cottrell was master of ceremonies. He announced the following program, which was one of rare merit and interest:

Opening march, May Curnow; banjo and guitar duet; song, Mr. Schweitzer; Cake-walk, song, Blanche Taylor; duet, Nell Fitzgerald and Lella Peck; instrumental solo, Inez Shearer; introductory reading, Mr. Dann; quartette; song, Master Jacobs.

A bazaar was then held and several articles of needle work were raffled off. A bountiful supper concluded the program of the evening.

## Baptist Church Juniors' Social.

The Junior Society of the Baptist Church held a party last evening in the church parlors. The following was the program rendered:

Song, Juniors; solo, Choice Robson; recitation, Roy Parker; song, Aloysius Becker; recitations, Ruth Hudson, Gladys Smothers, Choice Robson, Mae Peterson, Mamie Ball and Ruth Darling; duet, Sylvia Smothers and Ray Parker, with chorus by the Juniors; recitation, Jean Curtis; dialogue, seven little girls.

After the completion of the program there was a summons to the supper table. The remainder of the evening was spent in playing games.

## Congregational Entertainment.

A merry party was given last evening in the basement of the Congregational church by the Sunday School. Despite the inclemency of the weather there was a large attendance and a thoroughly good time was had.

An interesting program had been prepared by Superintendent Ayres and the teachers. The young singers and declaimers acquitted themselves with credit.

After the program there were a number of games played and refreshments were served.

## SAVE AN EXAMINATION FEE

## Entertained the Children.

Thursday evening was children's night at the Eastern Star lodge and the little ones had a most delightful treat. The committee on arrangements, consisting of Edward Barber, Mesdames Cahlan and Nathan and the Misses Ward and Douglass, provided a bounteous spread of substantial and goodies and a program of exercises and recreation, which was enjoyed by the elders alike with their little guests.

The program consisted of a series of recitations, music and a cake walk, the latter by Alta Pierce.

There was a piano solo by Margaret Gosse and recitations by Juana Morris, Lester and Vernon Summerfield, Maxine Herron and Horace Barron and Horace Barton.

The juveniles acquitted themselves admirably and that portion of the entertainment was decidedly the feature of the evening.

A number of new and interesting games were introduced, and the affair closed with a dance by the little ones who will long remember their delightful experience under the radiant light of the Eastern Star.

## Improvement Noted.

Mrs. John Frazier, who has lately had another attack of hemorrhage, is improving and, although still weak from loss of blood, her condition is considered by her attending physicians as being out of danger.

## Trial Progressing.

The damage suit of Christie vs. Lonkey is still far from being concluded. Yesterday the plaintiff rested his case and two witnesses were examined for the defense.

## Smoke Creek, a Model Sheep Ranch.

George Requa, foreman of the Flanagan & Dunn sheep ranch, is down from Smoke Creek. This is a very extensive property. The ranges are fed by twelve bands of sheep, numbering about 3500 each.

Twenty-five men are employed throughout the year and during the shearing and shearing seasons and during having there are about 75. Under Mr. Dunn's able management this has become the most modern and convenient sheep ranch in Nevada. Mr. Requa will leave for the north again today or tomorrow.

## Made in Heaven, but Unmade in Nevada.

Mr. Simonds and family, after spending some weeks in this city, left for California yesterday. The purpose of their visit was to secure relief from the odious chains of matrimony. After gaining a residence their wishes were granted with the greatest of alacrity. Nevada is a charming place for Californians who either tire of or desire for matrimony.

STRIKE STATISTICS.

THE New York World's statistics of the department of labor contains much interesting and instructive information in relation to strikes, their cost and their results. The statistics cover a period of thirteen and a half years.

The struggles between capital and labor during that period are estimated to have cost \$285,000,000. A total of 3,714,406 persons were thrown out of employment at the average cost of \$44 to each striker. Lockouts were responsible for 366,690 wages earners being made idle, and each person locked out lost an average of \$73.

The number of strikes that took place during the thirteen and a half years is placed at 13,390, involving 69,467 establishments. Among the cities, Chicago was the scene of the greatest number of conflicts. The industries that suffered most were those engaged in the building trades, in which 26,860 establishments were involved with strikes. Coal and coke, tobacco and clothing, food preparations, metals and metallic goods, transportation, stone quarrying and cutting, and boots and shoes suffered in the order named.

Of the \$285,000,000, loss incurred by the labor battles, two-thirds fell upon the strikers and one-third upon the employers. Nearly two-thirds of all of the strikes were ordered by labor organizations, but those organizations paid only one-thirteenth of the loss in money.

In the matter of victories, capital and labor came out about even. Forty-one per cent of the strikes were successful, and forty-four per cent failed. The remainder resulted in drawn battles. But on the whole the effect has been to advance wages and in some cases, in the reduction of working hours.

This tremendous cost is certainly deserving of grave consideration, not only by the general public, which is perhaps the greatest sufferer, but by the makers of our State and national laws, which latter are the ones to whom we have to turn to furnish a remedy for this most abnormal and distressful condition of things. There certainly must be some way by which this check to the industrial growth of the country may be removed, and without encroachment upon the rights of either capital or labor. This not only due to the employer and the employed, but to the general public whose interests are disastrously affected by every conflict of the kind, and perhaps to a greater extent than those of the parties directly concerned. The people of the country will be greatly disappointed and offended, if another session of Congress goes over without some effort being made to adjust the differences which exist, and which will continue to exist until the strong arm of the law interposes to compel such just and equitable concessions on both sides as will put a stop to the present unprofitable method of testing the enduring qualities and powers of the employers and the employed. It is a deep and difficult problem to solve, but attempts at its solution should not cease until all resources are exhausted and every means resorted to that present a reasonable prospect for success. For our part we incline favorably to the compulsory arbitration method. It has worked well in New Zealand, and although it has its disadvantages, unquestionably a statute could be formulated which would avoid most of the objectionable features of the law of that country, and which would be better adapted to the conditions existing in the United States. At all events it is well worth a trial.

PRAYER AND HEALING.

THE Zion's Herald, a Methodist Episcopal church paper, calls attention to the fact that the thousands of prayers offered up that the life of President McKinley might be spared, resulted in failure, and adds that it undoubtedly produced a shock, if not an eclipse of the religious faith of many persons.

As this was evidently directed at the Christian Scientists, Mrs. Eddy, the famous advocate of that system of healing, in the Christian Science Sentinel, comes forward with an explanation, which is at least ingenious if not convincing. She says that the prayer treatment failed because it was conflicting. There was "insufficient faith or spiritual understanding." "A compound of prayers," she explains, "wherein one earnest, tender desire works unconsciously against the modus operandi of another, would prevent the result desired." "There should have been unity, not only in thought but in method in making the application." She further explains that the late President and thousands of others believed that his mischance was "God's way," that his martyrdom was "God's will" and that resignation to that will evidenced supreme love for God, so those who prayed for the President's recovery, and yet believed if he died, it would be God's will, prayed at cross purposes. "The suppliant must have perfect reliance upon the recovery sought, being wholly contingent upon the power of God, the power of Divine love."

Mrs. Eddy's explanation is, we believe, in consonance with the general theory of Christian Science, and is as logical and lucid to the understanding of those who have not fathomed the depths of the system or doctrine, as could be presented. It

appears, furthermore, that the homely adage, "too many cooks spoil the broth," applies equally to Christian Science as to less occult and more material matters of everyday life.

WHAT would be said of the business agent of a man, who would buy in his principal's indebtedness at a premium before it was due? And yet that is exactly what the Secretary of the Treasury has been doing. Within the last three months he has paid out of the treasury more than \$5,000,000 in premiums in the redemption of bonds not yet due. It was paid with money belonging to his employers, the taxpayers, who are obliged to stand this kind of robbery for the benefit of the capitalists.

WITH the exception of Grant, Roosevelt is the only President who ever lived in the far west. He has lived in Colorado and knows more of western needs than any of his predecessors.

GENERAL ALGER has written a book in which he rattles the "embalmed beef" cans at General Miles, and severely criticizes Admiral Sampson for not taking his fleet into Santiago harbor after the destruction of Cervera's fleet, and blowing the Spaniards to atoms. He says this could have been done easily enough, as the land batteries amounted to but little, and the harbor mines still less. It takes men like Alger and MacLay, who were thousands of miles away, to tell what was done and what should have been done, and the time to do it. Their vast knowledge puts to shame the incomplete information of the man who directed the operations and took active part in carrying them out.

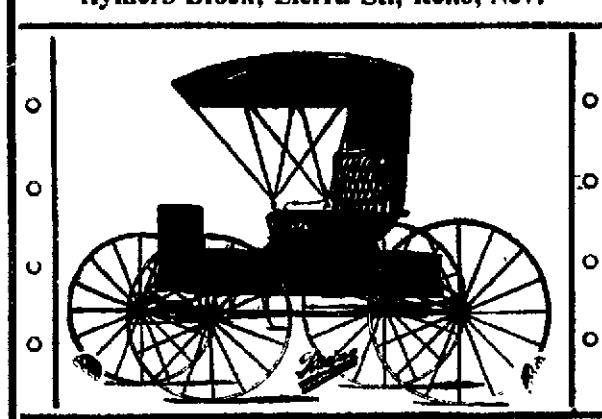

THE title of "Professor" has been abolished in the University of Chicago, or rather an edict has gone forth substituting plain "Mister" in addressing members of the Faculty. The reason for this change probably is that the title "Professor" is becoming too cheap and common, as it is applied promiscuously to barbers, jugglers, peddlers, and even sometimes to editors of newspapers.

The Bee is most unmercifully scoring three Sacramento clergymen for their public endorsement of George Clark for Mayor. If as is charged, Clark is the friend of the gamblers and protector of the nickel-in-the-slot machines, the clerical alliance is aptly illustrated in John Randolph's remark concerning the union of forces of Henry Clay and John Adams—"a covenant of the blackleg and puritan."

IT IS said that the tracings of Mason's and Dixon's line has been lost. It is to be hoped that they will never be found. There are no sectional divisions now in the United States and there is no necessity for lines to indicate what is not.

THE Railway World says the great industrial trusts are not doing as well as they expected when organized. They probably expected to corral the universe and are not content with merely gobbling this little terrestrial globe.

**NOTICE FOR PUBLICATION.**  
UNITED STATES LAND OFFICE,  
Carson City, Nevada, August 31, 1901.  
**NOTICE IS HEREBY GIVEN THAT IN** compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the State of California, Oregon, Nevada, and Washington Territory," Samuel Longvalley of Empire, county of Humboldt, State of Nevada, has this day filed in this office his sworn statement No. 86, for the purchase of the S. 1/4 of sec. 34 and S. 1/4 of sec. 36 of Township No. 36, in Range No. 18 E., M. 12 N., and will offer proof to show that the land sought is more valuable for its timber and stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1901.  
He names as witnesses:  
John G. Ellis of Carson City, Nevada.  
Wm. W. Coleman of Carson City, Nevada.  
Andrew Gray of Carson City, Nevada.  
Fred O. Walstrom of Empire, Nevada.  
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of November, 1901.  
O. H. GALLUP, Register.  
Date of first publication: Sept. 4, 1901.

**NOTICE OF FORFEITURE**  
To A. O'Brien, Co-Owner, you are hereby notified that we have expended the sum of \$635.92 for the year 1900 and \$617.75 for the year 1901 for doing making a total of \$1253.67 for labor and improvements upon the Willow mine situated in Jumbo Mining District, County of Washoe, State of Nevada—and within ninety days after this notice by publication, if you fail or refuse to contribute your proportion of such expenditure as Co-Owner, your interest in said claim will become the property of the subscribers under Section 2324, Revised Statutes of the United States.

## ALL AROUND THE STATE

**A Few Gleaned Paragraphs of Nevada News.**

A new Catholic church is being built at Yerington.

There are twenty prisoners in the county jail at Winnemucca.

Geo. I. Lamy has been appointed by Governor Sadler as a Notary Public for Douglas county.

A man named Blanchard has been arrested at Winnemucca on a charge of selling whisky to Indians.

Earl Christensen of the Douglas County Bank has been appointed a Notary Public by Governor Sadler.

At Caliente, Lincoln county, last Sunday night, Phil Smith handed James Riley one under the eye and Riley died from the effects of the blow.

Youngsters enraged a Winnemucca resident by playing tick-tac. The game went so far that three shots were fired and the kids are still in hiding.

The strike of employees of the General Electric Company at Virginia City was short lived. The company acceded to the demands of the men for \$3 per day.

The Douglas grand jury, which met in Genoa yesterday, failed to bring in a bill against Strickler, who was engaged in a cutting scrape in Gardnerville last week.

The Sacramento Presbytery has decided to take up the work at Tonopah. Rev. Mr. Dorance has been sent there by the Home Missionary Committee, and will begin work at once.

Eureka county's tax list decreased nearly \$40,000 in values the last year.

One hundred and forty head of Jersey cows have been sold in Lovelock valley. They are to be used for the new creamery that is to be operated at that place.

At Battle Mountain a few days ago E. M. Bingham was thrown from a wagon and both his legs were broken.

A patent for a substitute for rubber and producing the same has been issued to Pearl B. Ellis and A. Y. Werner of Carson.

The taxable property of Storey county fell off \$80,000 last year, which means a net loss of \$1,000 in receipts.

Mrs. E. Leshar, who has been a respected resident of the Comstock for thirty-three years, died yesterday afternoon at the residence of her sister, Mrs. Legats.

### TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with croup," writes Mrs. J. C. Salder, of Crittenden, Ky., "it seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for Coughs, Colds, Throat and Lung troubles. Fifty cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

## MINING IN THIS STATE

**Culled News of Nevada's Most Important Industry.**

The Standard mine has declared a dividend of 10 cents per share.

The Tonopah Miners' Union has a membership of 360 with 90 applications to be acted upon.

A concentrating plant will be installed in the Murphy-Curieux mill in Bull Run district, Elko county.

Articles of incorporation of the Nevada Reduction Works of Dayton have been filed with the Secretary of State.

The Silver City Miners' Union, like those of Virginia and Gold Hill, has ordained a boycott on non-union goods in their town.

The Dumontelle mine and mill on Mount Grant closed down last week for the winter. A fairly successful run was made this summer.

The board of directors of the Consolidated California and Virginia has agreed to pay its pro rata of the cost of a Davis Calyx drilling machine for prospecting the Brunswick lode.

County Treasurer Douglass has received bullion taxes for the quarter ended, September 30, amounting to \$385.78. Of this amount \$319.27 was received from the Con. Cal. & Va. company.—Report.

Control of the April Fool Mining Company's mines and mill at De Lamar, Nev., Tuesday passed into the hands of a local and Montana syndicate, headed by Messrs. Simon Bamberger and J. D. Wood, the transfer having been made on a basis of about \$100,000 for the whole. The property involved in the deal adjoins the great De Lamar mine.—Salt Lake Tribune.

We are told that the Consolidated California and Virginia mine looks better than it has for six months. The party that says this has been in and through the mine within two weeks and knows whereof he speaks. Notwithstanding this fact the shares in the company continue to kick around the street at nominal prices and no one seems to want them.—San Francisco Argus.

The Comstock gets it in the neck from every hand. When the outside mining periodicals are not striving to do her deliberate harm, some one of their bumbling blacksmiths are accidentally treading on her toes. For instance the last issue of the Engineering and Mining Journal locates our best mine, the Con. Cal. & Virginia, in Colorado. Great Snakes, it's enough to make a Comstocker's hair curl.—Chronicle.

### STEPPED INTO LIVE COALS.

## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## I Grow Hair On Bald Heads. \$500 Reward

For a Bald Head or Scalp Disease I cannot Cure.

Prof. G. A. Garlow,

The World's most celebrated and only successful Specialist on Hair and Scalp Diseases is now at ROOM 9, GOLDEN EAGLE HOTEL, and will guarantee to grow Hair on any Bald Head, that still shows fine hair or fuzz to prove the roots or Capillary Glands are not dead.

I POSITIVELY AND PERMANENTLY CURE any disease of the Hair and Scalp, such as Dandruff, Capitis, Seborrhea, Tetter and Eczema, stop the hair from falling and splitting at the ends, restore Premature Greyness, grow Ladies' and Children's Hair to any desired length and tone up the scalp so the hair will grow soft, glossy and beautiful as Nature intended.

I have spent 20 years of my life to the study of the Hair and Scalp problems, and have proven to over 25,000 men and women that the loss of hair and baldness is neither natural, hereditary or constitutional. My system of treatment is endorsed by all leading M. D.'s of the country that have investigated it. COME IN AND LET ME EXAMINE YOUR HAIR AND SCALP, I will tell you more as to the causes of Baldness than any other man living. MY PRICES ARE IN THE REACH OF ALL.

## A PAYING INDUSTRY

Nevada Cattle Are now as Good as Gold Pieces.

The other States in the Union are beginning to realize that Nevada is not only a great bullion producer but also raises the finest cattle in the world. In every section that raises a lot of hay a lot of cattle are being fattened for markets outside the State. Lovelock Valley seems to be in the lead in this matter, while the Truckee Meadows supply a great many cattlemen with hay for winter feed. In Mason Valley several thousand head of beef stock are being fed for the winter market and in Carson Valley the hay men are being consulted on the price of baled hay to supply the feed points situated near the railroads, says the Appeal.

Nevada has got to the point where California is on fruit. Her cattle are looked upon as the finest that come to the markets and whenever a commission man states that he has a consignment of Nevada cattle the retailers know that it was a guarantee of quality. One of the good points of the industry is the fact that the breeders have all raised the standard of their stock in the last few years. Where the long horn Texas steer was found a few years ago nothing but the graded Durham or Hereford can now be found. The peculiar climatic condition of this State produces a grass that is superior to most of the western States which makes the sweetest meat that is sold over the block. When the California pastures are dried out and the cattle fat. The stock never gets a chance to dry out and this produces beef that demands the fancy prices.

Already in this section the cattle buyer is about and several carloads of prime steers have been shipped. Last season the local road was kept busy in this business, and this season promises more, as the commission merchant is ahead a month earlier. The drought in the Middle West has probably caused this as the cattle in that section suffered from the effects of the weather. Drought or no drought, Nevada has gained a great reputation as a cattle State, and as the years advance the grade of the stock will demand the attention of the Union. Our silver may be at a discount but it takes twenty-dollar pieces to buy Nevada cattle.

### Bought Utah Cattle.

James Miller of Dewey is registered at the Arcade. He is on his way home from Kelson, Utah, where he purchased 200 head of cattle, which he will feed on his Pyramid range.

## The Honey Crop Is a Short One.

A. C. Hash has purchased two carloads of honey in this section. It has already been shipped for the east, the last carload leaving Thursday. The honey was of excellent quality and commanded the top market price, which Nevada honey always does.

There was only about half the usual yield in Nevada this year. The only section of the State that did well in the bee business was Churchill county. Usually there are about four cars shipped from this point every season.

### SEEDS! SEEDS!

In order to facilitate the delivery of seeds, Mr. Newlands requests all those desiring a quota of seeds next spring, to send in their applications at the present time, thus assuring an earlier delivery than would otherwise be possible. Address all applications to Francis G. Newlands, House of Representatives, Washington, D. C.

### A FIENDISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50 cents at S. J. Hodgkinson's drug store.

### WHAT'S YOUR FACE WORTH?

Sometimes a fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at S. J. Hodgkinson's drug store.

### WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store. Get Green's Special Almanac.
